This Certificate is issued upon the following terms and conditions as laid down in the Society's Regulations:-

Whilst Indian Register of Shipping, a Classification Society, along with its subsidiaries and associates (hereinafter referred to as the Society) and its Board/Committees use their best endeavors to ensure that the functions of the Society are properly carried out, in providing services, information or advice neither the Society nor any of its servants or agents warrants the accuracy of any information or advice supplied. Except as set out herein neither the Society nor any of its servants or agents (on behalf of each of whom the Society has agreed this clause) shall be liable for any loss damage or expense whatever sustained by any person due to any act or omission or error of whatsoever nature and however caused of the Society, its servants or agents or due to any inaccuracy of whatsoever nature and howsoever caused in any information or advice given in any way whatsoever by or on behalf of the Society, even if held to amount to a breach of warranty. Nevertheless, if any person uses services of the Society, or relies on any information or advice given by or on behalf of the Society and suffers loss damage or expenses thereby which is proved to have been due to any negligent act omission or error of the Society, its servants or agents or any negligent inaccuracy in information or advice given by or on behalf of the Society then the Society will pay compensation to such person for his proved loss up to but not exceeding the amount of the fee charged by the Society for that particular service, information or advice.

Any notice of claim for loss, damage or expense, as referred to above, shall be made in writing to the Society's Head Office within six months of the date when the service, information or advice was first provided, failing which all the rights to any such claim shall be forfeited and the Society shall be relieved and discharged from all liabilities.

ANNEXURE TO CERTIFICATE OF CLASS

Final Trim & Stability Booklet has been examined based on the following conditions and approved on behalf of Government of India, subject to the following conditions:

(a) Loading conditions 1,5 & 6 are verified based on IS Code 2008, Part B, Chapter 2.2, for unmanned tow with crane in stowed position only.

(b) Maximum VCG curve presented in the document does not cover crane operations/lifting of weights and is valid only for unmanned tow, with crane in stowed position.

(c) Intact stability during operation of crane is examined for below mentioned loading conditions only. Any other loading condition for the operation of crane has to be evaluated separately.

- Loading conditions No: 02,03 & 04 for 150t crane with limiting lifted load of 45.1 t with maximum vertical centre of gravity at 33.32 m above base line for an operating radius of 12 m.
- Loading conditions No: 07,08 & 09 for 250t crane with limiting lifted load of 36.6 t at maximum vertical centre of gravity at 76.93 m above base line for an operating radius of 18 m.

(d) Crane operations are to be carried out when the vessel is in stationary position and in fair weather condition only. Refer crane operational manual also for any other crane operational issues.

(e) Maximum extreme draught allowed is 2.212 m only.

(f) All weather tight/watertight fittings are to be in closed position during exploitation.

(g) Any breach of afore mentioned conditions and/or other Hull/additional modifications shall render the stability approval invalid.

Details of Class Notations assigned to ship:

Abbreviation	Expanded Form	Description
Characters of Class		
SU	SARVOUTAM	Denotes vessels which are classed with IRS where the hull and its appendages meet the rule requirements but where for reason of their particular purpose or service normal equipment may be unnecessary
卐	SWASTIKA	This distinguishing mark inserted before a Character of Class is assigned to new ships where the hull and its appendages, equipment and the machinery as appropriate,are constructed under special survey of IRS in compliance with the Rules to the satisfaction of IRS
Ship Type Notation		
-	PONTOON	This notation will be assigned to non self- propelled, manned or unmanned ships designed specifically for the carriage of non-perishable cargo or equipment on deck and built in accordance with the applicable requirements of Part 5, Chapter 11 of the IRS Rules. For special purpose vessels, the Notation will be suitably modified, e.g. Crane Pontoon

INFORMATION FOR SHIP OWNER/MANAGER

1. Any repairs to the hull, machinery and equipment either as a result of damage or wear and tear which are required for maintenance of class are to be carried out under inspection of and to the satisfaction of the surveyors.
2. Where the ship is damaged to an extent resulting in towage outside port limits, it shall be the Owners' responsibility to notify IRS at the first practicable opportunity.
3. Any alteration proposed to be carried out to approved scantlings and arrangements of the hull machinery or equipment are to meet with approval of IRS. Such approved alterations are to be carried out under the inspection of, and to the satisfaction of surveyors.
4. When the ship is detained by Port State Control, IRS is to be immediately notified by the owner / operator for arranging attendance by a surveyor.
5. When the ship meets any accident such as fire, collision etc., it shall be the Owners' responsibility to notify IRS at the first practicable opportunity.
6. It shall be the Owners' responsibility to maintain the ship in between surveys.
7. If the ship's class has been laid up, in order to maintain the laid-up status, it shall be the Owners' responsibility to offer the ship for general examination within the window of periodical survey.
8. Services of IRS approved service providers are to be utilized, as they affect decision making during classification surveys.
   a Firms engaged in thickness measurements on ships.
   b Firms carrying out an in-water survey on ships and mobile offshore units by diver or Remotely Operated Vehicle (ROV).
   c Firms engaged in tightness testing of closing appliances such as hatches, doors etc. with ultrasonic equipment.
   d Firms engaged in survey using Remote Inspection Techniques (RIT) as an alternative means for close-up survey of the structure of ships and mobile offshore units.
9. When the ship is under survey, it shall be Owners' responsibility to notify IRS if the ship is sailing out of port limits.
10. The class of the ship will be liable to be suspended if the Owner fails to notify IRS of any damage to the ship's hull, machinery or equipment, which may adversely affect classification of the ship or subsequently fails to arrange for the survey as may be advised by IRS.
11. The class of the ship will be automatically suspended from the expiry date of Certificate of Class or by the expiry date of any extension granted, if the special survey has not been completed by the due date and an extension has not been agreed to, or the ship is not under attendance by the surveyor with a view to complete the surveys prior to resuming service.
12. The class of the ship will also be automatically suspended if the annual, intermediate survey become overdue.
13. The class of the ship will be subject to a suspension procedure if an item of continuous survey is overdue at the time of annual survey, unless the item is dealt with or postponed by agreement.
14. The class of the ship will also be subject to a suspension procedure if conditions of class are not dealt with by the due date or postponed by agreement, by the due date.
15. Where the ship proceeds to sea without having completed surveyor’s recommendations which were required to be dealt with before leaving the port, the ship’s class will be suspended.
16. The class of the ship will be liable to be suspended if alterations are carried out on items which may affect the classification of the ship without informing IRS, except in the case of emergency repairs.
17. The class of the ship will also be subject to a suspension procedure if the ship is not offered for annual general examination for maintenance of laid up notation within the window of periodical survey.
18. The class of the ship is liable to be withheld or, if already granted, may be withdrawn in case of any non-payment of fees or expenses chargeable for the service rendered.
19. Where the ship proceeds to sea with less freeboard than that approved by IRS or when the freeboard marks are placed higher on the ship's sides than the position assigned or approved by IRS, the ship's class will be suspended.
20. When it is found that the ship is being operated in a manner contrary to that agreed at the time of classification, or is being operated in conditions or in areas more onerous than those agreed, the class will be suspended.
